CANDIDATE FOR THE OFFICE OF UNITED STATES REPRESENTATIVE - 3rd District

TAMIKA HAMILTON

Education and Qualifications: As a proud 14-year Air Force veteran, mother of four and wife of a local police officer, I know all too well the threats to our community and how our government is consistently failing to address them.

Our communities face an endless cycle of drugs and poverty. Our economy is reliant on agriculture, but our water supply and flood protections are inadequate for our farmers that are simultaneously being forced out of business due to burdensome regulations.

I proudly continue my service as a reservist at Travis Air Force Base and as a veteran and the wife of a veteran I can tell you that more work must be done at the VA to give our nation's bravest the care they deserve.

I am running for Congress because I am sick of career politicians offering nothing but talk.

With your vote, I will fight back against failed water policies and regulations that force our farmers to spend money replacing perfectly good equipment. I will fight to give our veterans the resources they need now! Most importantly, I will fight to curb the flow of drugs into our communities that is fueling the homelessness crisis.

I raise my family here. I serve my country here and I would be honored to serve you as your representative.

You can count on me to put our community's needs first. I humbly ask for your trust and your vote.
