CalPERS at a Glance

The California Public Employees' Retirement System (CalPERS) is the nation's largest public pension system, with more than 2 million members from California's state, school, and public agency employers. The 13-member Board of Administration governs CalPERS and administers benefits under the California Public Employees' Retirement Law.

CalPERS administers retirement benefits for three groups of public employees:

-
- **State of California employees**
includes California State University

 - **School employees**
classified employees in non-certificated positions

 - **Public agency employees**
employed by local agencies that contract with CalPERS

CalPERS Public Agency Members

Public agency employees are grouped into two categories of CalPERS membership:

Local miscellaneous

Members employed by a public agency or special district that has contracted with CalPERS, and who are **not** involved in law enforcement, fire suppression, the protection of public safety, or employed in a position designated by law as local safety

Local safety

Members employed by a public agency or special district that has contracted with CalPERS, and who are involved in law enforcement, fire suppression, the protection of public safety, or employed in a position designated by law as local safety

If you have questions about your CalPERS membership, please contact your employer.

Pension and Retirement Benefits

CalPERS Defined Benefit Plan

In a defined benefit retirement plan, pension payments are determined by a set formula and are payable for life. This contrasts with a defined contribution plan (like a 401(k) or 457 plan), in which benefits are determined not by a formula, but solely by the amount of contributions in an account, plus earnings.

How Your Pension Is Funded

Three sources fund a defined benefit retirement plan like CalPERS:

- **CalPERS members** – Employees generally make contributions from their paycheck into the CalPERS fund. The percentage you contribute is defined by law and your bargaining unit.
- **CalPERS employers** – Additional funding is provided by employer contributions.
- **CalPERS investment earnings** – This funding source makes up the largest contribution to the fund with earnings from CalPERS investments in stocks, bonds, real estate, and other investment types.

What companies does CalPERS invest in?

Our investment portfolio is diversified into several asset classes. To learn more, go to www.calpers.ca.gov/investments.

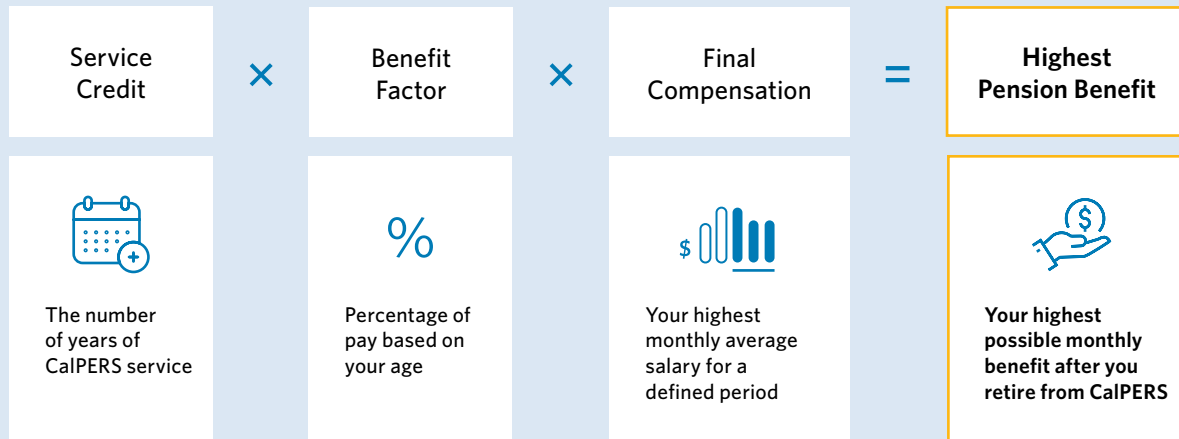

How Your Pension Is Calculated

We use three factors to calculate your service retirement pension:

- **Service credit** – This is your total years of CalPERS service, including partial years. Your service credit accumulates on a fiscal year basis, which is July 1 through June 30.
- **Benefit factor** – This is the percentage of pay to which you are entitled for each year of service, based on your age at retirement.
- **Final compensation** – This is your highest average annual compensation earnable during any consecutive 12-month or 36-month period of employment.

The basic retirement calculation is shown on the next page.

Basic Retirement Calculation

Service Credit

Service credit is the number of years, including partial years, you have worked and contributed to CalPERS.

To earn a full year of service credit during a fiscal year, you must work at least:

- 1,720 hours (hourly pay employees)
- 215 days (daily pay employees)
- 10 months (full-time monthly employees)

You cannot earn more than one year of service credit in one fiscal year. If you work part time or less than eight hours per day, it will take you longer to earn one year.

You can view your current service credit at any time by logging in to myCalPERS at my.calpers.ca.gov or by referring to your CalPERS Annual Member Statement to verify your service credit total.

Service Credit Purchase

In some cases, you may be eligible to purchase other types of service credit to help maximize your retirement benefits. Some of these types of service include redeposit of contributions previously withdrawn from CalPERS, prior service with a CalPERS employer, certain types of leaves of absence, and more.

For information about types of service credit available to purchase, see our publications *Service Credit Purchase Options* (PUB 12) and *Military Service Credit Options* (PUB 15).

Benefit Factor

Your benefit factor, sometimes called “age factor,” is the percentage of pay you are entitled to for each year of CalPERS-covered service. It’s determined by your age at retirement and your retirement formula. The benefit factor changes for every quarter year of age based on the retirement formula.

If your retirement formula is 2% at 62, for example, this means you get 2% of your pay if you retire at age 62. Age 62 is referred to as your “normal age.”

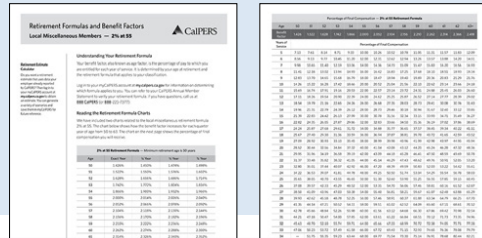

Local miscellaneous members receive one of six retirement formulas, with varying retirement ages and final compensation percentages. Most miscellaneous members hired after January 1, 2013, receive the 2% at 62 formula.

Local safety members receive one of eight retirement formulas, with varying retirement ages and final compensation percentages. The percentage of pay is limited for all the local safety benefit formulas **except** for 2% at 57, 2.5% at 57, and 2.7% at 57. If you have safety service with multiple employers and under different safety formulas, there could be more than one maximum benefit cap applied to your retirement allowance.

You can verify your retirement formula by logging in to myCalPERS at my.calpers.ca.gov or by referring to your CalPERS Annual Member Statement. You could have more than one formula depending on your membership date and number of employers.

View Benefit Factor Charts Online

Get a head start on your retirement planning. Go to www.calpers.ca.gov/benefitcharts to find the retirement formula charts for your benefit factor and final compensation.

Final Compensation

Your final compensation is your highest average annual compensation earnable during any consecutive 12-month or 36-month period of employment, depending on your membership date and employer’s contract. Which compensation period we use depends on your retirement formula(s).

If you are an elected official or were appointed to a city council or county board of supervisors on or after July 1, 1994, your final compensation is based on the highest annual average compensation earnable during each period of state service you elected CalPERS optional membership.

We use your full-time pay rate, not your earnings. If you work part time, we will use your full-time equivalent pay rate to determine your final compensation. Your employer reports your payroll information to CalPERS, so if you have questions about the accuracy of your final compensation amount, or what can be reported to CalPERS under the law, please contact your employer.

Compensation Limits

The final compensation amount we can use to calculate your retirement benefit may be limited by Retirement Law, Internal Revenue Code (IRC) section 401(a)(17), or both. If your service is subject to the California Public Employees' Pension Reform Act (PEPRA), the annual compensation limit amounts are lower than the IRC compensation limits. These limits do not limit the salary your employer can pay, but rather limit the amount of compensation we can consider under your retirement plan. For more information about your retirement compensation limits, talk to your employer or go to www.calpers.ca.gov.

Special Compensation

Certain items such as special compensation earned during your final compensation period may be included in your final compensation. Contact CalPERS if you are not sure which items of special compensation can be included.

Retirement Eligibility

To be eligible for service retirement, you must have at least five years of CalPERS-credited service and be at least age 50 or 52, depending on your retirement formula. If you have a combination of classic and PEPRA service, you may be eligible to retire at age 50. (See page 14 for more about PEPRA.) There is no mandatory retirement age for local public agency members.

There are some exceptions to the five-year requirement. If you are employed on a permanent part-time basis and worked at least five calendar years, or you're a member with another California public retirement system, contact CalPERS to find out if an exception may apply to you.

If you are considering retiring, you will need to submit an application to CalPERS. To learn about the retirement options and application process, review our publications *Planning Your Service Retirement* (PUB 1) and *Service Retirement Election Application* (PUB 43).

Death Benefits

Before Retirement

If you pass away before you retire, CalPERS provides several benefits for your family or a beneficiary. The benefits range from a simple return of your contributions plus interest to a monthly allowance equal to half of what you would have received at retirement paid to a spouse or domestic partner.

To be eligible for a monthly pre-retirement death benefit, your spouse or domestic partner

must have been either married to you or legally registered before the occurrence of the injury or the onset of the illness that resulted in your death, or for at least one year prior to your death.

Use the appropriate chart below to determine which pre-retirement death benefits your family and/or beneficiary **may** be eligible to receive.

For more information on survivor benefits, go to www.calpers.ca.gov/deathbenefits and select Benefits Payable. And don't forget to log in to myCalPERS at my.calpers.ca.gov to make sure you've named a beneficiary for your lump-sum benefits. If there is no beneficiary designation on file at the time of your death, we'll determine your beneficiary by statutory order.

After Retirement

When you pass away after retirement, CalPERS provides benefits for your family or beneficiary based on choices you make when you retire. For more information on the different retirement payment options and the benefits they provide, see our publication *Planning Your Service Retirement* (PUB 1).

Special Power of Attorney

A CalPERS special power of attorney allows you to designate a representative, known as your attorney-in-fact, to conduct your retirement affairs. You may already have a power of attorney set up through another resource; however, it may not address your CalPERS retirement benefits. Learn more and download the designation form at www.calpers.ca.gov/powerofattorney.

Health Program Benefits

To be eligible for CalPERS health benefits while you are working, you must meet these three requirements:

- Work for an employer who has contracted with CalPERS for their health benefits.
- Be appointed to a job that will last at least six months and one day.
- Work at least half time.

The Affordable Care Act has provisions that expand the eligibility criteria for certain variable hour employees. While you are still working, contact your employer for information regarding your health eligibility, enrollment, and health premiums.

Health Benefits in Retirement

If you have CalPERS health coverage, the date of your retirement must be less than 120 days after your separation date (last day of employment), or you will not be eligible to be enrolled in a CalPERS health plan at retirement or at any future date.

For more information on CalPERS health benefits, go to **www.calpers.ca.gov** to read our three health publications:

Frequently Asked Questions

Can I take a loan out against my retirement account?

No, you can't borrow from your CalPERS retirement account or receive any loans or hardship withdrawals of your member contributions. If you're leaving CalPERS-covered employment, you can elect to take a refund of your contributions plus interest. However, taking a refund ends your CalPERS membership, and you will no longer be eligible to receive a lifetime monthly pension payment, health benefits into retirement, or any death benefits.

I'm a PEPRA member. How is that different from other members?

The California Public Employees' Pension Reform Act (PEPRA) changed the way CalPERS retirement and health benefits were applied, and placed compensation limits on new members who joined CalPERS for the first time on or after January 1, 2013. Members who don't fall under the definitions of PEPRA are considered classic members. Classic members will retain the existing benefit enrollment levels for future service with the same employer. For more details about PEPRA, go to www.calpers.ca.gov/PEPRA.

What if I can't work because of injury or illness?

If you become disabled and can no longer perform the duties of your job, you may qualify for disability retirement or industrial disability retirement. Learn about the eligibility requirements in our publication *Disability Retirement Election Application* (PUB 35).

What happens if I leave my job before I retire?

If you permanently leave your job and do not take a position with another agency covered by CalPERS, you can keep your money with CalPERS, or you can request a refund of your member contributions and interest by submitting a *Refund Election Application* or by applying for a refund through your myCalPERS account. If you choose not to take a refund, your money will continue to earn 6% interest and you can withdraw it at a later date, or you may apply for a retirement benefit as soon as you meet the minimum retirement eligibility requirements.

What happens if I work for another CalPERS-covered employer in the future?

If you return to your old job or take a new job covered by CalPERS, and you already withdrew your contributions, you will again become a member. You would then have the option of putting back, with interest, any money you withdrew. If you do this, you will again get credit for those years of service. For more information on how to redeposit your withdrawn contributions, read our publication *Service Credit Purchase Options* (PUB 12).

If you left your money with CalPERS and return to a job covered by CalPERS, your new service credit and contributions get added to your existing account balances.

I have “reciprocity” with another California retirement system. What does this mean?

CalPERS has an agreement with many public retirement systems in California that allows movement from one public employer to another without losing valuable retirement rights and related benefits. This is called “reciprocity.”

CalPERS and the California State Teachers’ Retirement System (CalSTRS) have a similar agreement. For more information on reciprocity, read our publication ***When You Change Retirement Systems*** (PUB 16).

If I get a divorce, is my pension considered community property?

In California, all types of retirement benefits are considered community property. If you have a community property claim on your retirement account, a hold is placed on your account and benefits are held until the claim is resolved. We recommend that you resolve the claim before you retire to avoid possible delays in processing your retirement benefits. For more information, read ***Facts About Community Property*** and our publication ***CalPERS Community Property*** (PUB 38A).

How does Social Security affect my pension?

If you worked for a federal, state, or local government where you did not pay Social Security taxes, the pension you receive from that agency could reduce your Social Security benefits. Visit www.calpers.ca.gov/socialsecurity to see the relationship between the two benefits. You can also call the Social Security Administration at (800) 772-1213 or visit www.ssa.gov for more information.

Will I receive a cost-of-living increase in retirement?

A contract provision is built into your retirement plan to allow for a cost-of-living adjustment (COLA). The COLA is provided by law and is based on the Consumer Price Index for All Urban Consumers (CPI, 1967). You are eligible to receive your first COLA in the second calendar year after your retirement date. The adjustment is paid on the May 1 retirement check and then every year thereafter. Public agency employers can contract for a maximum 2%, 3%, 4%, or 5% COLA. For more information, read our publication ***Planning Your Retirement*** (PUB 1) or visit www.calpers.ca.gov/cola.

Where can I learn more about my benefits?

Do you have specific questions about your death benefits, health coverage, retirement options, or other considerations? Talk to your employer or get in touch with CalPERS—see page 17 for ways to contact us.
